SR-193 IMPROVEMENTS

SR-193 EXTENSION
2000 West to State St.
DAVIS COUNTY

SR - 193 Extension 2000 West to State Street State Environmental Study Update

Features of the Project

- **Widening** - 700 South will be widened to 5 lanes (2 lanes in each direction with a turn lane) from State Street to Main Street. An extension of 700 South will be constructed parallel to the UTA trail and turn west to connect to 2000 West (see map on reverse side for details).
- **New Bridge** - A 5-lane bridge will be built on 700 South to carry traffic over the railroad tracks.
- **Center Street** - 200 South will connect to Center Street directly, avoiding rerouting traffic through the 350 West and 500 West neighborhoods preserving the function of the park.
- **Noise wall** - A noise wall will be built on 200 South from 2000 West to 1000 West to minimize noise impacts to residents.
- **Privacy fence** - A privacy fence will be built on 200 South from 1000 West to Center Street.

What to Expect During Construction

- Access to businesses and residents will be maintained.
- When utility shut-offs are required, advance notification will be given.
- Irrigation systems will be maintained.
- There will be some temporary road closures necessary for construction.
- 700 South will be closed for up to 10 months. A detour will be provided.
- UDOT will provide a public information manager that will assist the community during the construction process.

SR - 193 Extension 2000 West to State Street State Environmental Study Update

Project Schedule

- Summer 2011 - Demolition of homes purchased by UDOT
- Summer 2011 - Spring 2012 - Utility relocations to prepare for future project construction
- Spring 2012 - Fall 2013 - Project Construction
